More Information

- This is a weekly group that does a different project that might last a week or a few weeks at a time.
- There is a mixture of craft projects to more technical art projects, e.g. Clay modelling, Paper Mache, card making, painting and sculpting.
- Attendees are not expected to have experience or specific art skills.
- Taking part in the group projects provides a relaxed & safe atmosphere to socialise in.
- You are also free to work on your own projects if you would like. We have a few attendees that enjoy sketching and will bring their own sketchbook and work on it each week.
- This group is run by a volunteer called David.
